GORGONZOLA lived “Once Upon an Eon”.
How long ago was that?
Have students research dinosaurs, and draw a picture of their favorite.

GORGONZOLA is one “stinkysaurus” until Birdie teaches him how to bathe every day and brush his teeth.
Have students make a GRAPH and chart their good hygiene habits for the week.
Bring in a piece of GORGONZOLA CHEESE so students can take a ‘whiff’, and see why Mr. G. was such a ‘stinkysaurus’.

Use your IMAGINATIONS and think about how big of a bathtub GORGONZOLA would need to keep clean.
Bring in a small plastic tub/container and have students guess how many CUPS of water it takes to fill the tub to the top.

Now that he’s “spiffed and polished”, GORGONZOLA is invited to play games and read with his friends.
Make Dinosaur Bingo cards and play a game!
Can your students ‘Limbo’? How low can they go?
Have a Prehistoric GORGONZOLA luau!
